

OPUS SINGLE-BELT PRESS

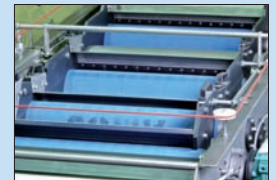

Opus 30

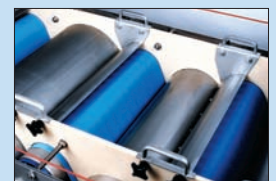

High-pressure belt cleaning

Pneumatic disassembly for effective cleaning

Pressrollers in stainless steel

Opus 10

AMOS SINGLE-BELT-PRESS

Continuous operating single-belt press suitable for all kinds of fruit mashes. A top-quality juice is guaranteed after the fruits have passed through the first big pressroller. The content of solid matter and the excellent yield are comparable with the results of a packing press. The frame and the pressrollers are in stainless steel 1.4301.

Berries, Apples
